

## GOEDGEVONDEN THICKENER

A trade-off study on the 50mm diameter thickener showed reinforced concrete to be the preferred construction material. Semane was responsible for the following aspects of this water retaining structure:

- Design and Detailing
- Site Supervision

### Component:

Water Treatment

### Project Location:

Ogies, Mpumalanga

### Client:

XSTRATA Coal SA

### Completion Date:

2009

### Senior Staff Involved:

Peter Sharland  
John Tyldesley  
Don Nielle
